U. T. Gaba is moving the Baxter Planing Mill to the west part of town. He will use either electric or gasoline power.

Mrs. W. R. Fox, who has been very ill for some time, is not expected to recover. She is at this writing in a very critical condition.

The new canvas awnings in front of the Baxter State Bank and Flower's grocery look very nice. Are there not others who will follow suit?

J. H. Bovard of Kansas City was here Monday looking after his mining interests. Mr. Bovard is vice president of the Old Abe Mining Company.

J. W. Craig, who has charge of the new Daugherty addition in the south part of town, is making arrangements to build some cottages at once. Well, they are needed.

The frost yesterday morning was a humdinger. Beans and other kinds of garden truck were badly bitten. Corn is probably not hurt, as it is not high enough to be jointed yet.

What Baxter Springs needs right now is a rigid enforcement of the weed cutting ordinance. We intend to get some pictures of the weed patches on East River street, and print them, so as to show just whom they belong to.

The weather the past few days has been abominable so far as crops are concerned. It has been so cold that fires are comfortable, and garden stuff, and corn, and wheat, and oats, can not grow. We doubt if a colder May was ever experienced in this country.

Evangelist L. F. Workman began a revival meeting at the new I. O. O. F. building Sunday night with a large congregation. It is probable the meetings will continue all next week. All are invited. Meetings at the M. E. church tonight and to-morrow night.

Levi Davis, a gentleman of color of this city, is in trouble. It seems, the way we get the story, that he forged a check in Galena on Monday of this week. The check bore the name of Porter M. Clark, a furniture dealer of Galena. Davis, we are informed, attempted to pass the check, but was not successful. He then tore the check to pieces, but the pieces were saved and pasted together. Davis will have a chance to explain.

The board of Education met Monday night and among other business transacted voted to accept the ground offered by Mr. J. M. Daugherty for a south town school house. Mr. Daugherty makes the school district a present of half a block of ground. The board elected all the old teachers for the next term except Miss Ballard and Miss Belts Hoover. Misses Fannie Stallsmith and Irene Roberts were elected in their stead.

Baxter Springs needs an up-town express office. The present manner of handling express matter is a nuisance, besides being very exasperating. Mr. Roller, the route agent, told us a long time ago that if an agent could be found here who would take the place and maintain an up-town office he would very gladly establish an office up town. Do you know of some one who wants the job? If so, please report to this office, and we will take the matter up with Mr. Roller. There is no objection to the present agent. He's all right, but we must have an office up town.

Col. D. B. Dyer, an old-time Baxterite, was here yesterday. Colonel Dyer is a resident of Augusta, Ga., and is a very prominent man in that city.

Last Saturday evening it was necessary to use the baggage wagon to take the mail to the train. The big edition very nearly swamped the postoffice and railway mail clerks.

SAY, FOR THE NEXT 30 DAYS WILSON'S STUDIO will make you a one-half dozen nice quarter cabinet photos for 50c. Try them.

Dr. J. S. Winkler expects his new automobile any day, now. He intends to make a trip to Colorado with it. Won't Winkler look nice lying under a machine with his overalls on?

The Joplin Globe mentions Dr. Morrow of this city as a probable candidate for representative from this district. Well, we don't know whether Morrow has any aspirations in that direction or not, but we do know that he would make a mighty good representative.

Preparations are being made to hold a silver medal contest at the M. E. church soon, under the auspices of the W. C. T. U. Six of Baxter's bright young ladies will compete for medal. Covey's orchestra will furnish good music. Miss Bessie Dent will have charge of the vocal music.

Prof. David B. Morgan, the celebrated veterinary surgeon and dentist, will be at Bischofsberger's livery stable in this city on Tuesday, May 15, and will remain here two days. If your horse needs attention you should take him to Morgan, who will soon fix him out all right.

On Sunday, the 29th of April, Pilgrim Paul Johnson, traveling and preaching under the auspices of the Watch Tower Bible and Tract Society, held an all day meeting at the home of friend Jno. Banning. The house not sufficiently large to hold the people and the shade outside was resorted to. In the evening the ordinance of baptism was administered to two converts, in a convenient pond. The peculiarity of these people is that they reject the teaching of the nominal church that the penalty of sin is eternal torment, claiming that death is the penalty for sin; Rom. 6:23; and that Christ tasted death for every man, Heb. 2:9, thus redeeming Adam and all his posterity from the death penalty, and that death would have been everlasting had not Christ paid the penalty and thus redeemed the entire human race. They further claim that there is none on trial now during this Gospel Age the church who is called out from the world to be the Bride of Christ, an exceedingly high calling, clear above angels, principalities and powers and every name that is named, joint-heirs with Christ in the heavenly kingdom; see Rom. 8:17, and that in the millennial kingdom, Christ the head and the church His body, will compose the seed in which all the families of the earth shall be blessed; Gen. 28:14; Gal. 3:29. And that the millennial reign of Christ and the church, His body will be the judgment day, is a thousand year day, in which all of the families of the earth will have their trial and have an opportunity to accept everlasting life, and those who will not learn obedience to the kingdom will be destroyed in the second death from which there will be no resurrection; everlasting destruction from the presence of the Lord and the glory of His power. Call on friend Banning for literature along these lines, as he seems anxious to supply all free.
